

Total Homestead Covid Safety Plan

Visitor Reception & Sunday Openings – Public

As regulations change, the following regulations will be reviewed. These are the protocols we currently have in place.

We have strict policies in place but need your help with these steps:

- Please be patient with our staff. Things may take a little longer than usual as we practise a high level of safe hygiene – changing of gloves between your meals, washing hands, sanitising surfaces, etc.
- Your details – we must capture your details via the Service NSW app. If your phone is not compatible, we will provide you with a sheet to write down your details. This is kept for 28 days and then destroyed.
- Eftpos is preferred over cash.
- Maintain physical distancing – 1.5 metres.
- One person per 2 square metres (including staff):
 - 25 patrons are allowed at any one time in Visitor Centre's before the 2m2 rule applies, if safe to do so under physical distancing parameters.
 - Rooms inside the Homestead; please take note to the signs on the floor as you enter each room displaying a number. That is the maximum amount of people allowed in that room.
 - Outbuildings; please adhere to the one person per 2m2 rule.
- Our staff will be wearing appropriate PPE when serving your refreshments at the Visitor Centre.
- Please reschedule your visit if you have any symptoms – a cold, fever, cough, loss of taste or smell.

If you feel unwell whilst on site:

- Immediately go to the Visitor Centre and inform a staff member.
- Go home, isolate, and contact your nearest Covid-19 testing centre to get tested.
- Follow the rules that are then given to you by the appropriate authorities.
